

The ACE Foundation Career Paths

Supporting Students from Primary School through to Successful Careers

The Madeline Joell Nest Egg Fund

The Madeline Joell Nest Egg Fund was established by The ACE foundation to assist in Bermuda's drive toward academic excellence. It is an annual award available to all of Bermuda's public primary schools.

Madeline Joell served as Vice President, Marketing at ACE and was a member of the committee that initiated plans for this educational fund. The education of Bermuda's children was a cause close to Madeline's heart and following her untimely death in February 1999, ACE named the fund in her memory.

Objective

To assist in the promotion of academic excellence in the core disciplines of language arts, mathematics and science in all Bermuda's public primary schools.

Application

A completed application form must be submitted to The ACE Foundation. Applications are reviewed by the Madeline Joell Nest Egg Fund Committee that comprises representatives from The ACE Foundation and the Ministry of Education. Applicants may be asked to meet with the Committee to provide further information or details.

Applications for 07/08 academic year must be submitted by Friday 23 November.

Financial Responsibility

Approved funding will be under the principal's direct control with periodic reporting to the Ministry of Education when requested. Principals granted funding from the Madeline Joell Nest Egg Fund will be required to submit a report on the progress and budget of their programme yearly, to both The ACE Foundation and the Ministry of Education. The maximum funds available per year is \$10,000 per school.

The ACE Foundation Career Paths

The Madeline Joell Nest Egg is just one component of The ACE Foundation's Career Paths educational programme. Career Paths is designed to provide career development resources for all Bermudians from primary to high school, to trade school and university, and on to successful careers.
